Social Problems Trip

On Wednesday, October 27, Mr. Miller took the Social Problems and Senior Economics students on a field trip to the cities. The students left school at 7:15 Wednesday morning and arrived at 3M in St. Paul at 9 o'clock. While there they saw a movie about the products of 3M. Then a few took part in a demonstration. For details on this amusing aspect of the tour ask Teddi Anderson, Bonnie Neely, Susan Taylor, John Neely, Susan Taylor, John Bille, Mike Pomerleau, or Jeff Rass. They also visited the auditorium of the building.

Next they went to Sun Ray shopping center. Most of them ate dinner at the

Sweden house.

Finally they visited the Federal Reserve Bank at Minneapolis, where they saw the many phases of our banking system. First they heard an extremely interesting talk!?!? Then they broke into groups and took a tour of the bank On the tour they saw the department where the executive board meets. the department where food stamps are cleared and sent to be burned, and the place where the armored trucks come into the bank with the money. They also got to see some counterfeit bills.

On the way home they stopped at McDonald's and then arrived home about 6:30 p.m.

Sue Taylor Wins Crisco Award

Sue Taylor is Luck High School's 1971 Crisco Award winner. Sue was selected by the Senior 5th hour cooking class. She was voted Crisco Award winner by her classmates. Miss Taylor said that she is very proud to have been selected to get this award. Sue got a very nice trophy as her prize.

Congratulations Sue!!!

Deer on the Run

The custom of Thanksgiving dates back to 1621, when the Pilgrims harvested their first crops in this new land.

After a depressingly hard winter, the Pilgrims set about clearing the land and planting their crops. With the help of friendly Indians and lots of hard work, the first harvest filled the store houses for which they were very thankful.

Thanksgiving has become an established American custom, although the devotional observance of early days has given way largely to recreation, sports, family reunions, and feasting.

Today we look forward to Thanksgiving because we have a day off from school, many of the people do not have to go to work, and we sit down to a table laden with good food.

In this fancy, frilly, you have got to have a gimmick world, it is hard for us to remember to count our blessings.

We have so much more to be thankful for than what they had. Compared to them, we have a really great life.

They were thankful . . . are We?

Happy Thanksgiving to the Faculty, Students and Staff of Luck High School.

The leaves have almost left the trees, and the ducks and geese have already passed on their way south. The next season that catches our eye is the hunt of the mighty White-tailed Deer. Wisconsin's Deer Season opens Nov. 20, early in the morning. Our season lasts until Nov. 28.

If you have been in any public place, I'm sure you have heard people talking about the deer season. This sport brings out more hunters than any other in Wisconsin. The exciting moments, the tired feet, aching legs and the buck stories are novelties of deer season.

We have something new this year in our struggle to shoot a buck, the outof-state hunters are moving in on our prize catches. Also, the conservation department has practically eliminated the party tag, the only way to shoot a doe. These two factors lessen our chances to shoot the white-tail. The first also lessens our chances of conserving our deer. We want the deer to be plentiful in the years to come.

Let's be safe and take only sure shots. Good luck to the students and teachers of L.H.S.!

F.H.A. RALLY

The Luck F.H.A.members attended the 1971f bers attended the 1971 Fall F.H.A. Rally at Grantsburg High School November 2. Neighboring schools also attended the rally.

When the girls arrived at the school, they went to the cafeteria where they all ate bar-b-q's, fruit salad, potato chips, apple crisp, and milk.

The opening ceremony and Rally took place in the gymnasium. Luck introduced the new F.H.A.

Miss Trippler
Student Teacher

Another Stout State'er has found her way to Luck. Miss Daryla Trippler is the student teacher who will be taking over the chef's class and Clothing H

Miss Trippler is from Mound, Minnesota, and she will graduate from Stout in May of 1972. Her hobbies are painting, woodworking, sewing, and baking.

This student teacher finds Luck a friendly town. She admitted that Luck is not what she expected it would be. She isn't used to small towns.

When asked if she had any bad habits Miss Trippler said, "I procrastinate." She also said that she can't spell. (Maybe she should take some lessons from her Englishteacher roommate.)

Miss Trippler hopes to get a job teaching home ec in a medium-sized school in a town having a population between two and fifteen thousand.

Good luck to Miss Trippler.

song to the members. From there on we listened to our State F.H.A. of ficers, sang songs, attended rap sessions, and enjoyed watching several skits that every school attending performed.

(Luck's was the best of

(Luck's was the best of course!)

On the way home, Laurie Hansen played her guitar and everyone joined inwith her and sang songs.

DEER HUNTERS

Please be careful and cautious when you are out hunting next week. Make this vacation safe and happy for everyone. Thanksgiving is a time to give thanks. Do you????

Editorial

I've been hearing a lot of critisism on the Drama Department of Luck High School. I think the biggest complaint is the play we put on. They ask why we don't have decent plays. How can we put on a better play if we don't get cooperation from more of the students, especially the boys. How can we put on a play when only just a couple of boys try out? Other schools can always get enough boys, why can't Luck? Is it that boys think it is not for athletes? Look back a couple of years at the boys active in drama, Ron Peterson, Ted Fuchs, Dave Nelson, Dale Schauls, and Jim Stenberg to name a few. They were all athletes. If they could do it, why can't more of Luck's boys turn out now?

The attendence is also something that is falling off. It is getting so there is hardly any students that come to the plays. What was really bad was that there was only one faculty, administration and school board members, there was only one representative only one representative from all these groups. That person was the principal of L.H.S. Last year at the play there were 12 Luck high students and 8 Frederic students at our play. That sure doesn't say much for the Luck stu-

dents. It is hardly worth it for those of us who work so hard for a play and then only get around forty people to attend the performance. Other schools usuall1 get close to a full house but we can't even fill up the chairs, how come?

After Christmas we will be starting a play that will really be good, if we can get enough boys to try out. It's up oto, you to help get better plays at L.H.S. Dale Skow

Rocky Cook

Rocky Cook, in his 2nd year as a B-Squader, is looking forward to a sensational year, "Maybe even better than last year," says Rocky. Coach Reb says Rocky is a "Good aggressive defense player and strong in the rebounding department," and a few other strong qualities which I won't put down. Rocky, a leader on the court, says he likes to play in the B-Squad games because "I like to look over the opposing cheerleaders."

The Magic Fishbone

Onn Monday, November 1st, the grade school students and some high school students attended the play "The Magic Fishbone."

The performance was put on by the "Rackety Packety Players" from the University of Wisconsin, River Falls. The cast brought along with them their own props and their own costumes. Members of the cast are in a "Children's Theater" at River Falls. class Other members of the class helped make the costumes and the props.

The Rackety Packety Players were on tour in Midwest Wosconsin from October 26 until November 4.

The acting was one of the finest performances Luck has seen. I'm sure everyone in attendance thought it well worth their time.

LAST LAUGH?

To laugh is to be free from worry. He who doesn't worry lives long. To live long is to last. Therefore, he who laughs, lasts.

Cardinal Cagers

Who's Who On The Team

Randy Giller

Rande Giller, 5'10", 145 lbs., thinks the sooner his shoulder gets better, the better off we'll be. Rande is a starter from last year. He said that we're shorter this year than any other year, but with Rande's excellent jumping ability, he'll be able to guard the bigger men to help our shortness.

Rande and Duane agree that with them going full tilt they should be able to make it to the district and on to state!

"Dinger"

I'm the best senior basketball player. We should have a good season if I can remember what I'm supposed to do. I should be able to get a lot of rebounds if I jump high enough. We've been working pretty hard in practice so the team should be in great shape. There is no reason why we should not go to state this year!!!!!

"Dean the Dream"

As we all know, Dean Larsen has outstanding abilities in the field of basketball. "I can move fast, I'm a good shot, and I have excellent control of the ball," states Dean.

The Freshmen should have a real good upcoming season if they can stay within boundaries of the training rules.

"Our defense is also real tough," Dean tells us. "With Paul Petersen at center, we should have no problem taking first place. With my 'Pistol Pete Maravich' passes we should be able to fake the opposition out of theirs."

Look for more feature articles on different players.

Faye At Work Our Office Girl Horoscopes The school day could For December

The school day could not begin without this person. She cheerfully goes to each room to find out who got up late (tardy students) and who didn't get up at all (absentees). She then disappears into the shadowy confines of the office to slowly type out the absent list. We wait breathlessly for her to reappear with the day's words of wisdom, "The Daily Cardinal."

Who is this cheerful, efficient, hard-working girl? It's Faye Jorgenson, our cheerful, efficient, hard-working office girl.

Her duties include: typing (a little), taking care of the attendance sheet, typing the "Daily Cardinal", taking care of selling tickets to games, and (as Faye put it) "odds and ends of junk". Faye will even loan us paper clips and scotch tape.

Faye works diligently (for about five minutes) during the first and seventh hour, and sometimes before and after school.

Keep up the good work, Faye! . . . and keep smiling!!!

SANTA DAD-EVERY DAY

By the time father is just in the right shape to r'ay Santa, the children are too old to believe he's for real, but demand that he play the role throughout the year.

1972 Football Captains, Rick G. & Barry M.

Now that our GREAT 1971 football season is over, we must turn our attention to the 1972 football squad. Now that we're saying farewell to the 1971 captains, we must welcome the 1972 captains. This coming season will consist of two captains who have proved to be accomplished football pros. These two fine lads happen to be Ricky Giller and Barry Morton. The foot-

ball squad must feel that these two fine boys have the ability to handle the great problems they are faced with. I hope that they have the help of the whole team to create a successful season next year.

A paper is only as strong as its weakest reporter.
