Happy Summer Vacation!

Trip To Glencoe

On Wednesday, May 10, the Choir and Stage Band traveled to Glencoe, Minnesota, with their Director, Mr. Nygren, to perform for the senior high school there.

They took two buses, leaving at 8:30, and reached Glencoe at 11:30.

Lunch was provided by the Glencoe High School cafeteria, and macaroni hotdish, carrots, bologna sandwiches, milk and jell-o were served.

The Mixed Choir sang first with the numbers "The Water is Wide," "For All We Know," "Everything's Alright," "Sunshine In My Soul," and "Let All Nations Praise The Lord."

The Women's Chorus performed next with "Three Spanish Ballads," "I Don't Know How To Love Him," and "The Sweet Heart Tree."

Next on the agenda was the Swing Choir and "I'd Like To Teach The World To Sing," "Gypsy," and "The Still Of The Night."

The Stage Band performed last with "Son Of a Preacher Man," and "The Way I Feel About You."

After the program was through, it was pool time, as we were invited to make use of their pool (indoor and heated, of course!).

For supper we stopped at a McDonald's.

The ride home wasn't as boring as expected, thanks to Robyn Holdt and Debbi Anderson, right girls?

The buses returned to Luck high school at approximately 7:00.

Summer Thoughts National Honor Society Banquet

Another school year is almost finished its course, and everyone is getting a strong urge to "get in the swing" of summer vacation. Sure, its natural to be happy about getting out of school, but can everyone say that this year has been the "best ever?"

How about all those football and basketball games you just had to go to, but never did? What about that certain activity that sounded "right down your alley" but never found time to join? Those grades were going to go up after first quarter; why did they keep going down?

It's too late "to cry over spilled milk" with only a few days of school remaining. Next year's chance to do the things that you wanted to do this year. Don't let three years slip by and wonder where they went. It's something to think about this summer.

OFFICERS-National Honor Society officers are: Treasurer Jeff Nygren; Secretary Faye Jorgenson; Vice President Julie Thompson and President Kris Route.

Chicken, shrimp, or club steak was the food that the members of the Luck National Honor Society ate at the annual banquet. The banquet was held in honor of the members, May 15, at Perry's in Siren.

The members, selected by the faculty, include: Teddi Anderson, Cassandra Burns, Charles Cogswell, Romey Hedberg, Carol Henriksen, Rita

Hochstetler, Robyn Holt, Judy Grover, Jeanne Pedersen, Dale Skow, and Jon Sorenson. The officers include Kristine Route as President, Julie Thompson - Vice President, Faye Jorgensen - Secretary, and Jeff Nygren as the Treasurer.

When the members and faculty finished eating, the awards were distributed to the Honor Society members.

HONOR SOCIETY-Teddi Anderson, Rita Hochstetler, Miss Berg, Kris Route, Julie Thompson.

Green Lake

June 5, 6, and 7, Connie Cooper, Faye Jorgenson, Cindy Harvey, and Dawna Erickson will be attending the F.H.A. Convention in Green Lake.

While they are there, Faye will be running for vice president of the state F.H.A., Connie will be participating in a choir with some other girls there, Cindy will model a garment she has made, and together all four of the girls will be putting on a skit for entertainment.

TOP TEN

Jeanne Pedersen, Carol Henriksen, Teddi Anderson, Ann Schwartz, Judy Grover, Gary Byl, Romey Hedberg, Norman Hanson, Debbi Kirk and Charles Cogswell.

Senior Prophecy

It's the summer of '92, and the 20 year reunion out at the Luck Country Club is soon to begin. As we drive up the lake road, we see a sign that says "No one is permitted to leave here before all buses have departed. If this is not obeyed, I will be forced to take your keys. This is a closed campus. Sincerely, J. R. Larson." Out on the course we see Harold Gjerning, coaching Kevin Bille on the finer points of golf. Harold, with his pass to leave already signed by a responsible adult, must soon leave to pick up his wife, the former Teri Nelson, who is waiting for him out on the corner of Butternut and 8th. Out on the softball diamond, we see Teddi Anderson Skow coaching her Little League team. Her husband, the Reverend Dale Skow, is looking on, as he makes final notes on tonight's invocation.

As we look down towards the beach, we see a large crowd gathered. The center of attraction is Donna Stoklasa, modeling the latest in swimwear fashions. As her added attraction, we see Bill Pullin showing the results of a successful Joe Wilder course. He's the perfect example of 310 pounds of death and destruction. Down in the parking lot we see an even larger crowd watching an exclusive exhibit of stunt driving, done by Debbie Kirk. Directly above Debbie, we have the Cogswell mansion, where Golf Course manager Chuck lives. As we enter the parking lot, Chaplain Philip D. Madsen, on leave from Fort Arthur, is directing traffic.

Our town policeman, Byron Bille, is temporarily preoccupied driving his wife, the former Toni Brimblecom, on her Avon route. Guess who just dropped in? It's Captain John Bille, parachuting from his Boeing 707. Through the crowd we see Jeanne Pedersen, asking for suggestions on an educational skip day. She

has unselfishly devoted her life to this eternal problem. In her spare time she still manages to be editor of the Cosmopolitan, which features as centerfold this month, the reknowned Jeff Olson. He is now married to book critic Linda Reis who recently won the Bookworm of the Year award. Dr. Brad Sandstrom is now arriving from his residence near Unity. I'm sure you all know of his latest invention - the Camouflage Bandaid. As we are entering the Club House, we hear Sue Darwin Byl saying, "May I have your attention, for an announcement? This is in regards to the 20th annual breakfast to be held, once again, at my home. Everyone is invited, it will be held from 6 to 10. After breakfast, my husband, Gary Byl, will model my latest styles in men's hair fashions. Due to the present extinction of the Bald Eagle, I cannot guarantee my husband's presence. He may be needed in Washington to pose as the Eagle on this year's half dollar. Thank you."

Just inside the door, we receive your copy of the Daily Cardinal. Student announcements are (a) The following are to go to the head of the lunchline to be in the ome Ec room at 12:10 for a meeting: Judy Grover, Romey Hedberg, and Carol Henriksen. (2) Mike Pomerleau, Jacques Ogilvie, and Jeff Erickson report to the office immediately. (3) Congratulations to the LHS drinking team for their fine performance Friday night. And Saturday, Sunday, Monday, etc. We especially wish to comment Jeff Olson, Duane Murphy, Larry Wood, Mike Pomerleau, Jeff Rass, and latest member Bill Pullin for their outstanding efforts. The following have not turned in their make-up slips. Jeff Olson, Duane Murphy, Larry Wood, Mike Pomerleau, Jeff Rass, and Bill Pullin. The party is now to begin.

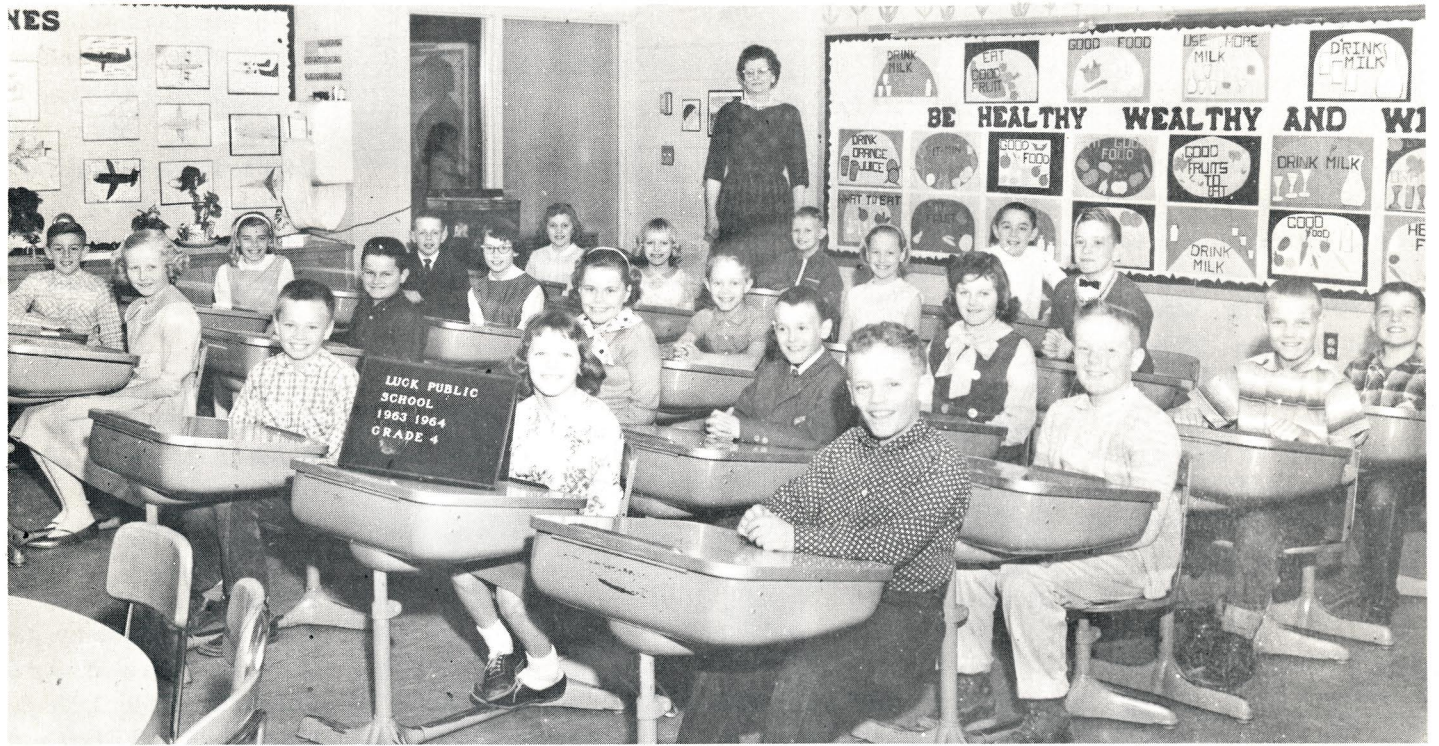

On our left we see Craig

Adair at the bar, pouring milk. Our music for tonight is furnished by the Alumni band consisting of Donna Stoklasa, Jeanne Pedersen, Terry Gruener, Lindsey Wallin as vocalists, Kevin Bille - trumpet, Don Cooper - rhythm guitar, Gary Byl - French Horn, Ann Schwartz - saxophone, Philip Madsen - baritone, Dale Skow - trombone, Don Murphy - tympani, accompanied by Mike Pomerleau, whose hands are now insured by Lloyds of London. We now enter the game room, where Harold Gjerning is looking for a quick game of Old Maid. He just received his complimentary deck of cards from the Renebabe Company, now owned by the one and only Avis Peck. Linda Reis Olson and Terri Nelson Gjerning are thrilled at the chance to reminisce on their younger days when many a study hall was spent playing Old Maid. On the other side of the room is Don Bohn organizing a game of Truth. The object of the game is to catch Don in his lies. Behind Don Bohn we have photographer Don Cooper taking pictures. He has just recently taken over his dad's job at the Enterprise-Hazard.

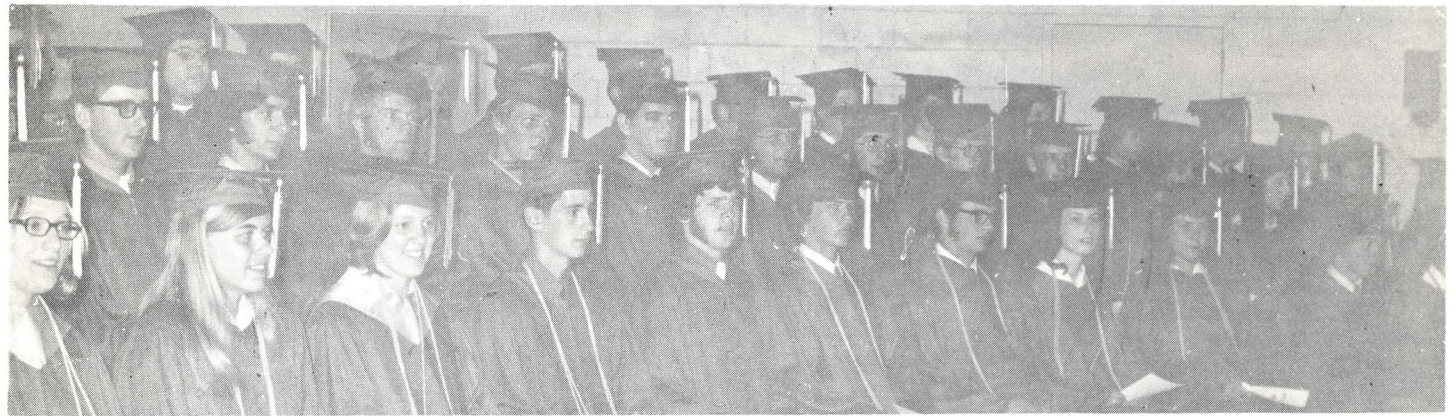

Under the spotlight is comedian Lindsey Wallin doing his act for Cindy Schmidt. Cindy is Lindsey's favorite audience, whether it's funny or not, Cindy laughs. She was recently contracted to sit in the bleachers at all assemblies and laugh whenever J. R. tells a joke. She received this job through the painstaking efforts of her husband, Kerry Cook. They were married in the summer of '72 after Cindy proposed. A late comer to the party is Jeff Erickson. After chores he went down to have a quick drink at the Bon Ton, now owned by Larry Wood and Duane Murphy. In the past 20 years our most memorable story is that of when Larry said, "Hey Dinger, wouldn't it be fun to own the

Bon Ton?" and Dinger replied, "Um, whatever you say, Larry." Which brings to mind another story of when Dinger said, "Hey, Larry, wouldn't it be fun to own a Chicken Delight?" Larry said, "Um, whatever you say, Dinger. Eech, eech, eech. . ." Terry Gruener now makes his announcement that everyone is invited to his drive-in theatre tomorrow night. It is located just north of Luck on Highway 35.

Back by the bar we see Jacques Ogilvie and Mike Hirschberger are arguing over which lays a longer and blacker patch, a Chevrolet motor and a Firestone tire, or a Buick motor and a Goodyear tire. Mike just smiles and Jacques suggests a test run. As they are leaving, they meet fast-talking, slow-walking, good-looking Norman Henson and his wife, Ann Schwartz. As they come in the door, Ann says, "Am I late? What did I miss?" Jacques and Mike decided to have Norman settle the dispute. His Danish wit has won many an argument. Norman takes his notebook and pocket calculator out of his pocket and begins to make his computations. While he is busy, Ann is asked which is better in her opinion, and she says, "I'll take you both on with my Riviera." As they are leaving, Judy Grover asks if she can have a ride home to see how the babysitters doing with the 19 little ones. As Judy's running out the door she runs into Carol Henriksen who is bringing in her stamp collection. Carol is very upset and asks everyone to help her find the stamps that were scattered. After twenty minutes of searching, all 5 stamps were found.

Just then, Durex party Manager, Don Murphy, runs in and asks if there are any suggestions as to where he can have the Fourth of July party. Bonnie Neely immediately offers him the use of her Frederic Recreation Hall, and as an added bonus she throws in the Hollow. Next, in comes Susan Taylor still holding her Crisco award. Susan has graciously

donated her award to be auctioned off tonight by Richard Dueholm, the local auctioneer. From his place atop a table, the bids are opened. Kerry Cook opens the bidding with 2¢. Avis immediately tries to outbid him with her bid of \$3,000. No one else can outdo Avis, so her check is handed over as a donation to the Cushing convent, headed by Mother Superior, Susan Olson.

Romey Hedberg, who recently won the Mother of the Year Award, confronts Jeff Rasmussen, the well-known speech therapist, with a question about her youngest child's speaking abilities. She asks Jeff if he will take her child on as a patient, and his reply is "Sure will, blah, blah, blah. . ." So ends the 20th reunion. As all the guests depart, and the sun is coming over the horizon, the silhouette of Bruce Jensen can be seen sweeping up the cake crumbs, Old Mid cards, wall plaster, dixie cups and the other party debris. And so the class of '72 thus leaves its imprint on society.

**Luck's Relay Team**

This year's 880 relay team is probably the best team. Recently at Pine City, the Luck 880 team consisting of Rande Giller, Terry Gruener, Rick Giller and Duane Murphy, broke the school record with a time of 1:35.3. Even with this good time, it could have been better, because the handoffs weren't too good. The team now has been practicing hard on handoffs so they can go to state. A lot of talent and hard work make Rande Giller, start the race, Terry Gruener run second, Rick Giller third and Dinger at the last leg.

Luck's fabulous relay team got a real nice first place trophy and they hope to get more. Good luck! Keep up the record-breaking times.

Athletic Banquet

Monday, May 1, Luck paid tribute to it's athletes by having a banquet for them. The guest speaker was Mr. Jimmy Lee. First on the program was a great roast beef dinner. Then Mr. Steengave out football and golf letters. Mr. Kauppi gave the hard-working cross-country boys their letters. Mr. Dolny then passed out one senior letter and nine junior letters for basketball. Last, but not least, Mr. Miller gave letters to the track men including Greg Byl. Duane Murphy then unanimously won the "W" award for most improved and best athlete. Next, the beautiful cheerleaders and Philip were introduced. Mr. Lee then spoke on some of his own experiences. All in all, it was a very nice banquet.

Tennis

The new sport about to hit Luck is tennis. This sport is fun and is a great way to spend the summer days. It's not an expensive sport like golfing or skiing, although you could make it so if you wanted to. All you really need to play the game is a racket, tennis ball, and a partner. It is not known when the new courts will be finished, but they are sure to be ready soon this summer. Mr. Rebrovich has been helping some of us along with the fundamentals in Phy Ed. He claims there's some real tennis pro's around. But not around Luck!

What If

Greg Byl knew how to use a camera and could teach in the dark room?

Pam L. was here on Mondays, etc.!

Linda L. couldn't sew. Dinger wasn't a star athlete.

Wood wasn't thirsty all the time.

Wood didn't have a secret sweetheart.

The seniors didn't get to graduate!

The girls participate in their track meet!!!

Seniors had a skip day! Donny Tomlinson caught Aaron L.
