Banquet And Dance

The Junior class put together a Prom this year with the theme "Stairway to Heaven."

The banquet was April 28 at the Luck Lutheran church. Starting at 7 p.m. after they were all through eating, the readings of the will, prophecy, history, and farewell were done.

The dance started at 9 p.m. with the coronation at 11 p.m. The royalty was: Senior King - Marlowe Larson, queen - Jackie Moslet. Their attendants were Alan Nielson and Mary Jo Swanson. Junior King - Mark Blaser, queen - Lori Ellefson. Their attendants were Rocky Cook and Karla Bille.

Boy's Track

This year's boy's track team is young & lacks experience. But there is lots of potential on the team in field and running events. Luck won it's first track meet April 23 in a quadrangular at Cumberland. May will be a busy month with 8 track meets not including sectional and state meets. If nothing else is accomplished this year, the boys ought to get a pretty good tan.

Via The Grapevine

Rick Rass, the Kandiman?!&

Rocky - which one was it last weekend?

Does Sonie Peterson really live at Johnson's place?

Bruce Paulson - "Beep, Beep."

How's the lock on your door, Mr. Miller??

One thing that's really stupid is when you have to roll up your pant cuffs to go to the bathroom! (Girls Bathroom)

Congratulations Class Of 1973

Girl's Track

Girl's track team consists of about 20 dedicated girls. They've had one meet at this writing, but they couldn't get enough points to take the meet. They've had a practice session at Unity, Tues., April 23. If you see some hard working girls on the football field, you know it's the girl's track team. Their next track meet will be May 1, at Luck, another scheduled in the future. May 8 will be the Regionals at New Richmond. Good luck girls!

Who was that by you at J. H.'s party, Lee??

What's this about Laurie Cruizer???

What If . . .

Rocky Cook knew how to make up his mind.

Greg Byl never cut his friends down.

Rick Giller knew how to make up his mind too!

Luck had an enthusiastic track team.

Certain people didn't hog the tennis courts!

Mr. Larson expected Senior Skip Day.

Kung Fu went off the air!! Holly Renz never had a visitor from Kung Fu land!

Mark Blazer wasn't second best!!

Laura Berg never got jilted by J.L.

Sherri Kreutzian never lied.

someone trustworthy for the job. Pam was their first choice because she never lied about her age. Bobby has made quite a few investments, which enabled him to buy the bar. One of which is quite profitable, Aunt Jemimah toaster "waffles." As far as we can see, everyone is expected to come except Antonio Leal, Kevin Lucas, & Jon Sorenson. Dawn Holst has informed us that Antonio returned to Brazil 'cause Luck was just too exciting for him. Kevin is on his way to California on his Honda 50 to reform the Hell's Angels, while Jon's being reformed in prison for cheating on his income tax. He would have gotten away with it but Connie Cooper found out about it and of course had to report it to the authorities. As for Miss Cooper, she is now the owner of a jewelry store which specializes in diamond engagement rings. Connie has taken over the job of displaying and fitting rings personally. Jeff Nygren and the former Laurie Hansen, were among Connie's first customers. They were married after a short one month engagement following graduation. I guess no one ever knew what really did go on down in that dark room. Judge David Hinchberger performed the ceremony at the Balsam Lake Court House. Of course, his wife, the former Kathy Kunze, was there acting as witness. Kathy has stayed quite busy over the last 10 years. Nine of their children were home with the babysitter. David got the job because he was there more than the old judge, Madsen, who was forced to retire 'cause he wasn't as tough with juveniles as David thought he could be. One of Judge Hinchberger's favorite state patrolmen, Wayne Ellefson, has just pulled up out in front in his Vett 427. When Wayne was asked why he was late he explained how he had made his third arrest in his 5 years on the job. In this case the offender was none other than Carol Johnson Peterson whose husband Warren now owns John

Deere Co. It seems Carol was arrested for inattentive driving and was asked to take behind the wheel with instructor Rick Hutton. All driver's training cars are supplied by Schwartz and Nielsen Ford. Alan and Don went into a partnership the day Alan got out of the Air Force. Tim Lundmark is one of their top mechanics and specializes in body work. Looks like Marlowe and Dennis are trying to recruit more members to their new organization, UA United Alcoholics. Barry Morten and Brian Olson seem to be quite interested in becoming members. Barry said he'd join but he had other obligations in Cushing! Besides, he couldn't possibly take time from his team. He now plays water boy for Miami's famous center, Gary Cogswell. A scream in the corner, looks like they haven't changed a bit. It's Laurie Creuzer screaming for antiseptic. It seems someone had been drinking out of Laurie's glass by mistake and could have started an epidemic of some unknown disease. Laurie is now the head of the Wisconsin Sanitation Department. "Who wanted antiseptic?" It's R.N. Faye Jorgensen. Faye has now completed her nursing course and works at the Mayo Clinic. She also works weekends at the Pioneer Home in the kitchen. Dawn Holst also tells us that two of the old teachers from Luck high school have been replaced by Velma Buck and Rochelle McFadden. Rochelle now teaches Business Education and Velma has taken over all library duties. Renell Hedberg has made quite a name for herself by becoming the first woman B-52 Bomber pilot. Also taking to military life are Mike Dolny and Larry Clausen who joined the Marines for lack of anything better to do. A couple more surprising things that have happened over the past 10 years are Diana Cruthers and Tom Vilstrip have decided they were right for each other after all while on the other hand, Rick and Julie are in

the middle of their divorce. Handling the divorce is Dennis Hinschberger who decided to follow in the footsteps of brother David and go into the field of law. Just clearing the door at his new height of 7', Rande Giller enters with his wife Jackie on one arm and a basketball in the other. Rande's sudden gain of height is due to a new discovery by Dr. Greg Byl who has devoted his life to height and weight problems. Since Greg himself is now 6'5" and weighs 297. Kris Route is the editor of her own paper which is famous for its "Dear Michele" column. Mic is now an expert in the field of love lives. Coming over to ask Mic for personal guidance are Sharon Erickson and Holly Renz who still can't decide who is right for them. Linda Lehmann and Nancy Strenke are having an involved discussion on the subject of fashion. Linda has just explained her latest fashion designs which are sold only at Peggy Dueholm's boutique. Looks like Lynn Tricker and Jim Jensen finally got here. Dawn tells us they had chores to do before they came. Alan Hochstetler didn't come. The only information Dawn could give us was that he had to work late at the gas station. Sue Davidson has just climbed onto the bar to make an announcement. She is inviting everyone to spend the night at her hotel in Cumberland. It's getting light outside again. Looks like Robert's giving everyone the hint that the party's over by sending out his regular janitor, Baynard Bille. All food was furnished through the courtesy of the IGA store now owned by Kevin Kirk. Kevin finally got enough money together by working there to buy out the store. It only took him a total of 10 years to save the money. One more announcement, this time by Ed Gursky. Ed, in his unselfishness, has devoted his entire night to video taping this event, the 10 year class reunion of the class of '73.

The trouble with good clean fun is that it isn't.

ALAN NIELSEN

"Watch out for basketball and who goes with it" is Alan's advice. He is 17 years 11 months and will be 18 May 24. He has blue eyes and blonde hair, and is 5'11" tall. Alan's favorite class is phy. ed. - when you do something other than fundamentals. His favorite food is steak and least favorite is chow mein. Alan will most remember the big change, and will miss, "It's a toss up between the candy and pop machine." If he could be anyone for one day it would be President Nixen so he would know how a dictator feels. His one wish is for food! The changes he would like to see are more constructive study halls, offering more than pop, candy and a few simple games. He thinks organized games should be permitted in the gym or outside. The most important day in his senior year will be the day he turns in his books. Alan's favorite school activity is basketball, and his interests include trapping, fishing, hunting, and spending a lot of time out of doors. After graduation Alan is going into the U. S. Air Force.

LARRY CLAUSEN

Larry's age is 6,632 days at the time of writing, is 4'8", has lt. brown hair and blue eyes. His birthday is February 10. His favorite class is phy ed and favorite school activity is phy ed floor hockey, and FFA basketball. The change he would like to see in LHS is an open campus. Larry will miss the day F. J. Pacyga left, and will remember 6th hour class in shop because no one does anything. The most important day in his senior year is when Mrs. Dowd is at school. If Larry had one wish he would wish for Baynard Bille to make it as a janitor. If he could be anyone for one day it would be Robert Larsen because he is the only one Larry knows who can't stand to

lose a quarter! Larry's favorite food is Italian Spaghetti, (the way M.A. makes it), and least favorite is the school's greasy hot dish. His interests are hunting and fishing. After school he plans on joining up with the Army.

NANCY STRENKE

Going out with guys is what most interests Nancy Strenke. Nancy is 5'7", has green eyes, blonde hair, and will be 19 Oct. 1. Graduation will be her most important day this year and after graduation she plans to get a job in Rice Lake and take up a typing course. Her wish is to be out of school. After she is, Nancy will miss the corner and most remember the good times we didn't have. Some of her favorites at school are phy. ed. and football. Her favorite food is shrimp, but Nancy does not like Lutefisk. For one day she would like to be Mr. Larsen, so I could be head of the school. A change she would like to see would be letting Seniors miss school without being told if they miss too many more, they won't graduate. Nancy's advice to underclassmen is "Don't miss too much school, it may hurt you in your senior year."

HOLLY RENZ

Blue-eyed, brown-haired Holly Renz's advice to underclassmen is "Voice your own opinion!" One change Holly would like made here would be an open campus. Some important days were and will be State Basketball Tournament, March 2, and Graduation. After graduation, she plans to attend River Falls. When Holly has left LHS, she will miss the kids, taking out passes, cheerleading, and the times the girls would swipe peanut butter and ice cream from the Home-Ec Room. She loves all school activities, and her favorite class is Health. Her favorite foods are yogurt and herring, but she hates whipped cream. Holly's wish is to be sunny all the time! Her interests include reading and every girl's interest, BOYS.

Rev. Alger Uses Fairy Tale to Illustrate Point

The story of Pinocchio was used by Rev. Richard Alger to illustrate his point as he spoke to the Luck seniors who attended the baccalaureate Sun., May 13 at the Luck Lutheran church. He compared the greed which caused the fairy tale character his problems with the greed which could befall the young people as they enter their adulthood.

The Atlas Methodist minister asked the students if they were under control of their own lives or if they were being manipulated by puppet strings like Pinocchio was. He asked each of them to evaluate their personal situation and see if they are following the path of greed.

He asked them be watchful of the temptations of the world. He cautioned that the barbarity of people is becoming more complicated and sophisticated and can easily trap the young people into wrong doing.

He warned them of the need to be watchful of the dangers of life, of the ease by which they can blame others for their errors and not take the blame for their own doing. He asked them to study what God would like them to do with their lives.

friend, Mr. Larsen. He doesn't remember anything about L. H. S. The most important day for Marlowe will be graduation. After graduation, on June 25, he is going into the Army. If he had one wish it would be to have all the money you need for life. Marlowe would like to be Mr. Larsen for one day so he could run the school a little easier. He likes to hunt, swim, bowl, and drink. Marlowe's advice is, "Stay out of trouble and come to school sober!"

Rev. Alger was accompanied on the service by Rev. John Berg who gave the closing prayer and Rev. Charles Arndt, who delivered the call to worship and the scripture and prayer. Mrs. Larry Skow sang special music.

RANDE GILLER

Rander Giller is 5'10", has bluish eyes, brownish hair, is 18 years old, and has a birthday on Dec. 10. Rande has no favorite class and after graduation won't miss a thing about Luck!! One change he would like to see for LHS to have would be a brand spanking new administration. For one day he would like to be President Nixon so he could bug the School Board meetings and listen to their policies. His plans after graduation are none of our business and Rande hopes he finds something to remember about LHS before the school year is out. His favorite school activity is playing study hall. When asked for advice for underclassmen he said, "Can they give me any?"

MIKE DOLNY

One change Mike Dolny would like to see at LHS would be softer toilet paper! Mike's favorite food is steak with his least favorite being cornbread and beans. His favorite class is General Business. Mike's one wish has already come true -- that was going to Madison! After Mike graduates, he plans to follow his interests of loafing and taking life easy and become a bum. He will miss Eddy Rebroviche's jokes and remember Mr. Miller's points of view. His advice to underclassmen is "Not to listen to senior's advice!"

If she could be anyone in the world for one day she would like to be Cindy Giller because she has a cute boyfriend and she has her own car and she is nice. The changes she would like to see in this school is an open campus. Sharon will most remember Cindy Giller, Jeffrey Dale, and Joyce Walker. She will miss Aggravation. The most important day in her senior year is, "Our un-educational senior skip day." After graduation Sharon plans to go to California and find some million or billionaire.

Jerse Verse

One fact about money,
 a fact truly worst.
 To make money last,
 You must earn it first.

JACKIE MOSLET

A change Jackie Moslet would like to see at LHS would be a student being a member of the school board and also more student voice! Jackie has brown hair and eyes, is 5'4³/₄" tall and will be 19 Dec. 2. For one day she would like to be Greg Byl, "because he always has something nice to say about everyone!" Her most important day this year is May 20th. After graduation she plans to attend American Beauty College of Cosmetology in Eau Claire. Her wish is for \$1,000 to pay for it. Jackie will miss the kids, "What else is there to miss?" She will most remember going to state in basketball and track and going in the ditch on their way to Alaska!! Her favorite school activities are Pep Club because we do so much and GAA because we don't! Jackie's interests include tennis, badminton, laying in the sun, walking, talking, and golf. Her favorite food is pizza and least favorite is anything that tastes bad. "Beware of your friends, they'll stab you in the back if you give them a chance!" is Jackie's advice to underclassmen.

ROCHELLE MCFADDEN

The Saturday afternoon when our basketball team was at state was Rochelle McFadden's most important day this year. She is 5'5", has blue eyes, blonde hair, and a birthday on June 7. Her favorite class is bookkeeping and Mr. Lake is her favorite teacher. Things Rochelle will miss when she takes up nursing this summer at St. Croix will be the kids and the fun she had here. Her wish is that other people could have as much fun at LHS as she did. When asked who she would most like to be for one day, she said she wouldn't like to be any one else. "I'd just like to better myself and make people happy." Rochelle's favorite is good old country fried chicken, but hates boiled eggs! Her interests include the farm and its animals. Her advice to under-classmen is "Walk a straight line and do as you're told!"
