LUCK HIGH SCHOOL

May 23, 1974

May - Good-Bye

Lonna Hanson at State Forensics

One of the most enjoyable experiences for me this year was being able to attend the state forensics meet at Madison.

I went with several other students from St. Croix, Osceola, Siren, and Grantsburg. We left on Friday morning, April 26th and arrived at the Edgewater (the hotel we stayed in at Madison) at about 4 p.m. Then we went downtown, saw the Capital, and generally bummed around for a while. Later we ate dinner at the hotel and discovered that David Canary from the "Bonanza" cast was also staying at the hotel.

The following morning we nervously boarded the bus which took us to the University campus where we gave our speeches. We were finished speaking by 12 a.m. The final outcome was a job well done by each of the students.

My only regret is that more people didn't go out for forensics this year. Win or lose, you can have a lot of fun competing.

Luck Girl Places In Writing Contest

There is more talent in Luck High School than many of you think! There is a certain senior girl that has a great writing ability. This girl wrote a story about a little girl growing up. She entered a contest with 110 other entries to compete against, and she won 3rd place!! This was the first prize this girl had ever won. She was very excited. Miss Berg was very proud of her, and so were many of the other seniors.

This talented girl happens to be Miss Debbie Anderson!

Keep writing Debbie. Maybe someday, people will be able to go down to the bookstore and buy a book with letters on the front spelling, author: Debbie Anderson!!!

Good-Bye to Mr. Jorgenson

There's one familiar face in the office that we'll all miss seeing next year. Our elementary principal, Howard Jorgenson, is leaving us. As hard as it might be to believe, Mr. Jorgenson has been teaching for 44 years. You'd never know it's been that long by the looks of this unique man.

Mr. Jorgenson has been here at good old LHS for 32 years and has served as elementary principal for the past 18 years. He knows he's going to miss everything at first but has some plans he's really looking forward to. Some of his future interests will be devoting time to fishing, hunting and traveling. His wife also enjoys these pastimes.

Mr. Jorgenson has liked his work a lot and has appreciated working with the cooperative staff. Mr. Jorgenson has enjoyed, and I'm sure will continue to enjoy, all athletic sports. He used to coach Junior High Basketball which was news to me. His busy schedule forced him to give up his coaching career.

Taking an overall look back, Mr. Jorgenson would choose teaching in the classroom, most likely math is number 1 on his list. I'm sure those of us who had Mr. Jorgenson for a math teacher will agree that math is right up his alley, and we enjoyed having him for a teacher. Without any doubt, he will miss the youngsters most of all.

Graduation - May 19, 1974

The sun came over the horizon, alarm clocks rang, and soon 50 families were up and busy getting ready for a big day. The girls were getting out their new outfits and boys taking out their suits.

Soon relatives were on the roads coming from all over the country.

Everyone sat and watched the clock to see

VALEDICTORIAN
Cassi Burns

SALUTATORIAN
Robyn Holdt

Lyceum Entertainment for L.H.S.

On April 29th we were honored to have Mr. and Mrs. Henderson perform for us. With the help of Roger Gorr they showed some tricks you can do on a trampoline.

Mrs. Henderson, showed her performance in the wheel that she did in competition. She got a first because she was the only one participating.

Mrs. Henderson also did a floor routine. I am sure a lot of the girls would like to be able to do backbends the way she did them.

On May 6th Rev. H. Hanks who really looks like Abraham Lincoln, and is related to him gave us a talk on the life of Abraham Lincoln, the 16th President. Rev. H. B. Hanks can trace back his ancestry to the family of Nancy Hanks, Lincoln's mother.

how much time there was before they had to get to the school. Everyone ate a quick lunch and cleaned up as fast as he could afterwards. On the way to the school he thought about what he forgot to do and if he remembered everything.

Outside the cars were parked all over. The gymnasium was filling with people, and upstairs the seniors were helping each other with caps, robes, and flowers.

The music started to play, the class of 1974 marched up to the risers. Some went in step, others out of step, and some not at all!

Robyn, the salutatorian welcomed all the relatives and friends of the class. Then Rick Davidsavor told everyone about the class and our school life together. The V.F.W. award and American Legion award were given. After this, Cassi, the valedictorian, said farewell.

Now the time had come when we received the cover to our diploma! What an honor! The class of 1974 finally made it.

As we walked down the aisle, we thought of all the good times we had together. The memories will always be with us, but our classmates will be going off on their own in all different directions. This was our last day together as a complete class.

Birthdays

Reaction To April 2 Article

The April 2nd Cloverleaf rana questionnaire on what you would like to see the Student Council doing. The replies were vague like "getting more stuff" or "making some changes." Be specific in your wishes. Take the time to talk to one of your representatives, make some within reasonable suggestions, or quit complaining.

There's been talk of wanting a T.V. or radio in study hall. It's been brought up at a couple meetings. But remember, there's a board and public (everyone's parents included), that must be for the change and agree on any improvements.

I for one don't think the Student Council did that bad a job the past year. Remember the last day of school before we get out for Christmas vacation -- the volleyball tournaments, records and dancing, free movie and candy that were arranged and paid for by your Student council? They organized and headed the 1973 Homecoming and got our Basketball Jones activities and dance for us. The free and minimal prices didn't exactly empty our pockets.

Some of the council's representatives helped select our pom-pon girls and cheerleaders. We must

Horoscopes

Aries - (March 21-April 19) Hard work is your summer dream, but leisurely activities will be plentiful.

Taurus - (April 20-May 20) More fun for you this summer. Will this summer be as romantic and fulfilling as last summer?

Gemini - (May 21-June 20) Be faithful or you will lose one or the other. Golf is your pastime this summer.

Cancer - (June 21-July 22) Bad habits will decrease this summer. Be yourself, but stay in control.

Leo - (July 23-August 22) This summer should be fantastic for you. Someone you have been admiring for a long time will finally notice you.

Virgo - (August 23-

all admit that this is a much fairer and self-satisfying way of choosing the girls.

If I'm right, the Student Council helped out the cheerleaders and pom-pom girls by paying for their pom-poms and part of the uniforms. They also bought the mirror ball for the Junior - Senior Prom and will keep it to use at future dances. Some kids were complaining about never having any lyceums. I don't think they would dare say that after April and May. How about Chief White Eagle? Alexander Ramsey Band Concert? Cumberland High School Band and Pom-pom Squad? Don't forget the husband and wife gymnastic team, and Abe Lincoln's twin. Your lyceum program is set up through your Student Council.

Why not speak up with any wise suggestions you have instead of sitting on your back side complaining? (to put it softly). When they ask for ideas help them out by giving them some.

Look for once with optimism at what we do, and appreciate it instead of finding and bringing out the faults and inefficiency.

I want to take this time to thank the Student Council and the Advisor, Mr. Larson for a GOOD year!!

September 22) Watch yourself this summer because someone may be watching you.

Libra - (September 23-October 22) You will have a fulfilled and prosperous summer. Look to the older and wiser.

Scorpio - (October 23-November 21) Stay out of the sun or you might get burned. Activities will be booming.

Sagittarius - (November 22-December 21) Stay cool and calm. Your life's dream will come this summer.

Capricorn - (December 22-January 19) Your summer will be one of hard work, money, and things you've always wanted. Be good.

Aquarius - (January 20-February 18) Saving gas will be important this summer. A new face will bring happiness.

Letter To The Editor

I would like to thank all of the mature, responsible Juniors for all their hard efforts in making the Junior Prom a success. It's nice to see how out of a class of over 60 at least 5 kids showed up to help decorate. It's also nice to see how some came and worked hard at playing basketball and tennis while others tried to get something done. It's also especially nice to see the crowd of people that showed up to clean the gym the day after Prom. If you consider four people a crowd. And how they all stayed until the whole place was cleaned up. Prom is for all Juniors and I saw a lot of them at the dance, but not many helping to decorate or clean up. It's nice to see the well established critics going at the last minute telling how everything should have been done. I had to laugh the other day when our class received a letter from Mr. Larson congratulating the Junior Class on their cooperation. It's lucky that there are a few kids who took the responsibility of making sure everything got done. Thanks again to up to make "Prom 1974" up to make "Prom of 1974" the best ever!

To The Staff:

I want to take this opportunity to thank the Cloverleaf Staff for their efforts this year. I would also like to give a special thanks to Ms. Berg for putting up with me and also the students of this school for providing all the interesting journalism material they have this year.

Best wishes to next year's editor Sonja "Pete" and may she have just as much fun editing your school paper as I did.

Sincerely,
Robyn Holdt

We are sorry that due to illness, lack of time and availability, we do not have pictures of the whole class of 1974.

Pisces - (February 19-March 20) It is mandatory that you and your better-half depart in peace. This action will be appreciated by someone close to you. (Be nice).

RITA HOCHSTETLER

Rita plans on working in the summer, and then attending Rice Lake Vocational School this fall. Graduation was the most enjoyable experience in her high school years. She has no favorite subject or teacher. More freedom for the students is the improvement she would like to see.

MARIE FUCHS

Marie plans on flying away after graduation. Her freshman year principal is her most enjoyable experience. Mr. Lake and Miss Walsh seem to be her favorite teachers. New or no regulations and an open campus are the improvements she would like to see.

DALLAS OLSEN

These interviews were supposed to be written seriously but since there are a few clowns in the Senior Class this didn't get done. Dallas Olsen, the number 1 clown, has his after-graduation plans all worked out up to the time he dies. During the summer of 1974 he will work, in 1975 he may attend school. In the years 1976-1990 he will be working, and in 1991-2017 he will have two dropouts as children and a real cute wife. During his Golden Years, 2024-2030 he will live happily ever after until April first when he will die at 12 hours, 1 minute, and 33 seconds of that day. His first Homecoming was his most enjoyable experience. His favorite teacher is Mrs. Boots and favorite class is Study Hall. The improvements he would like to see are no privileges what-so-ever for the teachers.

KARLA BILLE

Karla plans on going to Superior Vocational School to become a medical secretary. State B.B. tournaments and State track meets are two of her most enjoyable experiences at Luck High; she also enjoyed skiing. Karla lists Contemporary Problems as her favorite class and her favorite teachers include Mr. Goulet, Mr. Lake, Ms. Berg, Boots, Mrs. Erickson, Mr. Nygren and Ms. Walsh. Open campus, better lyceums, classes outside, and study halls outside would be a few improvements she would like to see at L.H.S.

Senior Scrapbook

CINDY HARVEY

Cindy's future plans include going to school at New Richmond to become a medical assistant. She enjoyed all school activities at L.H.S., and Mr. Don Lake is the one thing she will miss about Luck.

Sherry Walker, Nancy Johnson, Rita Hochstetler.

DALE BERNTSON

Dale is undecided about his future plans but he says he'll think of something. His most enjoyable happening in his 4 years of high school was seeing the basketball team go to state. Art, English, Math, and Andy Dolny are a few of the things he will miss.

DAWN HANSEN

Contemporary problems and the exciting study halls are Dawn Hansen's favorite subjects. She plans on attending Rice Lake then transferring to Stout, majoring in vocational rehabilitation. More freedom during school hours, open campus, and more say in school policies are the changes Dawn would like to see.

Dawn Hansen, Kathy Bruce, Karla Bille.

MIKE WICKMAN

Mike's favorite subject is mythology and favorite teacher is Miss Berg. He thinks there should be an open campus and a wider range of curriculum at L.H.S. Going to Madison to watch the State Basketball tournaments was his favorite experience. Working this summer and then going to theatrical school are Mike's future plans.

GARY ACKERLY

Gary thinks that our school board should be easier on the students and make more sense! He plans on working this summer and then attending Vocational school in the fall. His favorites include Phy Ed, Reb, and being 18!

DEBBIE TREPANIER

An open campus is the thing Debbie would like to see at Luck. Mythology is her favorite class and going to state was her favorite experience. She plans on working this summer and then going to Superior Vocational School for nursing.

JOANNE DUEHOLM

Getting a job and going on a trip are the things JoAnn wants to do after leaving us at Luck. Her favorites include Contemporary Problems, Tom Goulet, Home Ec, and Carol Winchell. A big change she would make at L.H.S. would be having an office where you don't have to wait for a bunch of little slips to be signed for no reason.

DEBBIE ANDERSON

Debbie plans on working some place after graduation. Like a lot of other seniors, Debbie most enjoyed going to State B.B. tournaments and also the Junior-Senior Proms. Her favorite subjects are English, Phy Ed and Contemporary Problems, with Miss Berg, Miss Walsh, and Mr. Goulet as her favorite teachers. A warmer school and no paddles are the improvements she would like to see in the future at L.H.S.

JACKIE RENZ

Jackie plans on bumming around for a year after graduation. Roaming the halls, visiting Mr. Larson, and Prom night at the party are her most enjoyable experiences at Luck High. Her favorite teachers are Miss Walsh and Mrs. Winchell, with Phy Ed and Home Ec as her favorite subjects. Improvements she would like to see at L.H.S. in the future are an open campus, better counseling, and equal rights in sports for the girls.

KAREN PETERSEN

Next fall Karen will enter Barron County Campus. After one year there, she will transfer to LaCrosse to major in Physical Therapy. Going to State with our great 1973-74 basketball team was her most enjoyable experience. Her favorite subject is sewing. An open campus and no paddles are the improvements she would like to see.

LINDA COLTEN

After graduation Linda plans to rest a while and then get married. Her favorite classes are English and Home Ec., with Miss Berg and Mrs. Winchell as her favorite teachers. Improvements Linda would like to see are an open campus and a quicker lunchline with not-so-pushy boys.

DAVID MOSLET

David's plans after graduation are undecided, but he will most likely get a job. His most enjoyable experiences are Pomerleaus field and McKenzie. His favorite teacher is Mr. Goulet and he has no favorite class. An open campus is the improvement he would like to see in the future at L.H.S.

JOEL JOHNSON

Joel plans on being a hard working guy for the rest of his life. He will miss a couple things about Luck High which will be contemporary problems and Mr. Knudson. An open campus and more freedom are the improvements Joel would make at L.H.S.

KATHY BRUCE

Kathy plans on getting married June 1st and then working this fall. An open campus and student lounge are the changes she would like to see. Kathy's most enjoyable experience was going to Madison for state basketball tournaments. Her favorite subject is contemporary problems, and she thinks Tom Goulet is an excellent teacher.

Peter Krey, Larry Grover, Dann Bohn.

NANCY JOHNSON

Peg Walsh and Phy Ed are the two things she likes most about Luck High. The great 1973 basketball season is the thing she will remember most of all. Nancy plans on traveling around the U.S. and working after graduation. An improvement she would make at Luck would be more and better classes to pick from.

VICKI PONTO

Move to New Richmond in a couple of months and attend Vocational School is what Vicki is planning to do after graduation. Vicki didn't have any enjoyable experiences at L.H.S. Business classes and mythology are her favorite classes.

Farewell Seniors

Cassi Burns and Mark Blaser

Greg Jensen and John Larson.

ROBYN HOLDT

Miss Robyn Kay Holdt's big exciting plans for the future include majoring in psychology at Superior College. The things she will remember most were the trips to the fish hatchery, school forest, sewer plant, and 74 prom! Her favorites include Tom Goulet, Don Lake, Peg Walsh, Barb Berg and Phy Ed. Improvements Robyn would like to see at Luck would be open campus for seniors, more power placed on student council, more classes outside, and getting rid of those stupid paddles.

Mike Wickman and Annette Seierstad.

CINDY COGSWELL

Work in the summer and go to school in the fall, get a suntan, and go on a trip are the things Cindy will plan on doing after graduation. Her most enjoyable experiences at L.H.S. are the 1974 Prom and the State B.B. tournaments and track meets. Her favorite subject is Art and her favorite teacher is Mr. Goulet. Open campus, no paddles, and more squirt guns in study halls are the improvements Cindy would like to see.

How does a boy know just how much soap and water to use so that most of the dirt will come off on the towel?

These students failed to report: Larry Bergstrom, Mark Blaser, Cassi Burns, Jerry Ericksen, Larry Grover, Rod Jensen, and Janet Ailport.

Good Luck Seniors

SHERRY WALKER

Mythology, Miss Berg, and teacher's aide teacher Mrs. Erickson are Sherry's favorites. She thinks that the students of Luck should have open campus and more freedom, also more dances and activities. Going to the cities to school to become an R.N. is Sherry's life long ambition.

ROCKY COOK

Rockne Luther Cook will extremely miss Rog Steen and Reb. He plans on working this summer and maybe getting married in the fall! Rocky did come up with a few complaints about Luck which include no passes, no grade system, and he believes the school board should consider impeaching Jerome. His favorites include skiing at Trollhaugen, Boots, and Janet.

ANNETTE SEIERSTAD

Annette is going to be busy this summer working at Ostling Archery, but then in the fall she plans on getting married. She would like to see a bigger campus and more classrooms at Luck. Annette's favorite experience at L.H.S. was seeing our fabulous basketball team go to Madison.

MARK RENSTROM

General Business and seeing Luck go to State are the things Mark will miss most about Luck. He believes Jerome Larsen was an excellent shop teacher and will actually miss him. An open campus for seniors is a change he would make. Mark's plans after graduation include farming with his father.

LORI ELLEFSON

Working at Durex seems to be Lori's plans for the future. Her most enjoyable experience is graduation, but she will miss Mr. Lake. The one big change she would make in L.H.S. would be to let the juniors and seniors go downtown during noon hours.

DOUG DAU

His future plans are undecided. The State Basketball Tournament was his most enjoyable experience. Power Mechanics and Contemporary Problems are his favorite classes. Doug Dau has no favorite teacher. He has nothing to say about future improvements.

BRENDA BYL

Brenda plans on working after graduation and then getting married. She'll miss Mr. Lake, Mr. Goulet, Miss Berg, Miss Walsh, state basketball tournaments, and last but not least prom. There are a couple things she would like changed about L.H.S. which are an open campus and a senior lounge.

JOHN LARSON

John plans on going to U.C.L.A. to study medicine for seven years and then becoming a brain surgeon. During this time he will fill in Bill Walton's position as a new center. His most enjoyable experience at Luck High was when our 1973-74 basketball team went to State. Sitting in Study Hall is his favorite subject and he has no favorite teacher. He thinks this school is run too lenient. The kids shouldn't be allowed to talk or breathe too loud. They should have locking seat belts and Mr. Larson should have the key.

JACKY MURPHY

Film making and her health careers instructor Mrs. McNeil are Miss Murphy's favorites. There are no special happenings at Luck for Jacky because she said they were all good. She plans on getting married this fall. Open Campus and cutting out the admit slips and paddles are some changes she would like to see.

FAYE HANSON

State Basketball and State Track Meet are Faye's fondest memories. Contemporary Problems and Tom Goulet, Don Lake, Barb Berg, and being a teacher's aide are her favorite things. After graduation, she plans on working and going to Canada. Faye did register a few complaints about L.H.S. which include: no more paddles, no more trays, a warmer school, more trips, going outside for classes, and an open campus.

DANN BOHN

Dann isn't sure what he is going to do after graduation, but would like to go to school for the ministry. He liked all the subjects he had and could find no complaints with the teachers. Dann could find no big changes he would like to see at L.H.S.

RICK DAVIDSAVOR

Rick plans on working on construction, cement, etc., and enjoy himself. There have been many enjoyable experiences for Rick. Some of them include football, parties, skiing at Trollhaugen, State B.B. tournaments, and the Platteville trip for Physics. His favorite teacher is Mr. Knudson because he's easy to get along with and his classes are fun. Open campus, a little less quiet library, and longer Power Mechanics class at Frederic are the improvements he would like to see at L.H.S.

JEFF FOERST

Jeff plans on either getting a job or going to vocational school after graduation. Phy Ed and Power Mechanics are his favorite classes. Jeff thinks that our school is to rough on the underclassmen.

PETER KREY

Mr. Peter Scott Krey is uncertain what he is going to do as a career but would like to go into rock collecting. He didn't really have any special experience at Luck and would like to see new teachers here.

NANCY ERICKSEN

1974 homecoming, senior prom, Madison, and McKenzies are Nancy's favorite remembrances. Her very favorite teacher is Andrew Dolny. Nancy plans on working, going on a long bike hike, and getting a tan this summer. Improvements she would like are an open campus, no passes, and no paddles.

KATHY SCHILLING

Kathy really appreciated the lyceums we had at Luck. Art and Mr. Dolny rate high on her list. The improvements she would like to see next year would be letting the study halls go outside. Kathy's future plans are undecided as of now.

LEE MORALES

Work, work, work and more work is what Lee intends to do after graduation. His most enjoyable experience was serving our school as the candy man and pop boy. The improvements he would like to see would be for Kinsler, King, and Jerome not be so tough on the students!

State Solo and Ensemble Contest

On May 4th at 8:00 a.m. a busload of 31 students left for the State Solo & Ensemble Contest in Eau Claire.

The groups participating in the contest were the Glee Club, a flute quartet, a girl's vocal quartet, and a girl's vocal duet. The girl's vocal quartet consisting of Peggy Schilling, Brenda Hanson, Janet Sorenson, and Dorothy Sundquist received a 2nd rating. 2nd was the rating received by Sherri Kreutzian, Dorothy Sunquist, Debbie Anderson, and Jacky Murphy on their flute quartet.

The rating awarded to Sue Nygren and Donyce Gillespie was a fourth for their duet. The Glee Club received a second.

**JOHN MEYER**

John plans on working after graduation and making a lot of money. His favorites at Luck High include our lunches, auto mechanics, and school vacations. He doesn't think our school needs any changes or improvements.

DEBBIE KUNZE

Debbie Kunze plans on attending Rice Lake Vocational School and take up a clerk typist position. Her favorite subject is Phy Ed and favorite teacher is Mr. Lake. Debbie's most exciting experience at L.H.S. is when we went to state. Improvements she would like to see are no more paddles, open campus, and freedom of speech in the library.

JOE MEYER

The one thing Joe is looking forward to is getting out of school. He plans on either working or going to school this fall. Auto Mechanics is his favorite subject, while Mr. Jacobsen is his favorite teacher.

Mr. Knudson & Co.

March 22, 1974, the little Luck physics class went to Platteville, Wisconsin to enter their bridges in the 3rd Annual Model Bridge Span Contest, sponsored by the Department of Civil Engineering - University of Wisconsin - Platteville.

Earlier, the Physics class ordered balsa wood

Band On The Run

On May 2nd the Luck High School Band traveled to Alexander Ramsey High School in Roseville. There we gave a concert to a small number of students who were in Ramsey's music department. Our concert band and stage band performed a variety of tunes from classical to jazz to contemporary and pop music.

Upon fishing our concert some Ramsey students gave us a tour of their school. It was somewhat interesting and very confusing. We then took a ride over to an old house and examined and played ancient instruments.

About 5:30 we went to good old McDonalds and ate supper. After stuffing our faces with food we went back to the school and got our horns, loaded them on the bus, and drove over to the Rosedale Shopping Center. Arriving at Rosedale we set up chairs and stands and were ready to play. Mr. Nygren introduced us to the various shoppers and gave a brief explanation on where and what Luck was. Then we began our concert. Receiving much applause we all felt like we did a fairly good job. From about 7:00 to 8:30 we were free to go shopping, which was welcomed by all of us.

After Prom

Well, Prom turned out as well as expected. The gym was beautiful, "Sweet Dreams" was great, and a lot of people showed up.

The new 1974 queen and king, Ruth Pedersen and John Jensen, and the new senior king and queen, Mark Renstrom and Faye Hansen were crowned after the grand march. Amazingly, everyone made it through the grand march with no accidents. The two little girls and two little boys also did a great job.

to build bridges spanning 22". The bridge had to be constructed with only the 18" of material and glue that was provided. How they went about constructing a 22" bridge with 18" of material is for us to figure out! All 3 students, Lee Morales, Rick Davidsavor, and Joel Johnson designed their own bridge before starting construction. Mr. Knudson was very helpful with the technical work.

Upon completion of the bridges, Mr. Knudsen, Lee, and Rick went to Platteville for the big contest. They were guests of the college including free rooms at a new CO-ED dorm. That gives us a good idea of what they possibly did for entertainment.

They attended hundreds of exhibits and displays that were being judged for an Engineering Fair that was going on at the same time as the bridge contest. The boys were given a chance to use the college's computers and see the mining tools.

Testing began Saturday morning. Of the 645 bridges tested, the Luck boys made a good showing with their entries. After the weight of the bridges had been divided into the amount of weight the bridges held, the standings were calculated as follows:

The class project (Mr. Knudson's) 62nd place and held 165 lbs.

Rick Davidsavor (1st entry) 184th place and held 60 lbs. 2nd entry 418th place and held 40 lbs.

Joel Johnson 213th place and held 110 lbs.

Lee Morales 487th place and held 35 lbs.

The standings depended on each bridge's weight and a bunch of other stuff which is too complicated for my mind to comprehend and put into words.

The class was complimented on their designing features. Of all 645 entries, Joel Johnson had the only hanging bridge in the tri-state area. Lee Morales had the only quad pod based bridge. Rick Davidsavor had the only parabolic arch bridge, and Mr. Knudson had the only collarable joined bridge. I presume we must have some original, clever

Golf Team

The Luck golf team opened the 1974 golf season with a victory over Turtle Lake on April 26. John Jensen led the team with a 38, Kendall Peterson had a 45, while Lee Murphy and Rod Jensen got 47's. Dan Jensen's 53 did not count.

The conference season opened against Frederic and Webster. Luck took second in that meet losing to Frederic on their course. John Jensen was the leader there with a 43. Then the team took a trip to Spooner where they won in a sudden death play off. John Jensen and Dean Larson took scoring honors for Luck with 43's. On May 1 they had a match at Hudson. There were four schools there and Luck took second. River Falls won the event, Eau Claire North was third, and Hudson was last. Dean led Luck with a 42 while John Jensen was a close runner up with a 43.22".

New Cheerleaders

There are some new faces that will be on the floor next year. They are the faces of the new Pom-Pom Squad and the wrestling cheerleaders. The Pom-Pom Squad had to get seven new girls for the squad because of the seniors that were graduating. Those seven girls are Sherry Strenke, Julie Darwin, Sue Bannit, Becky Jorgensen, Rena Petersen, and the two alternates are Robin Kreutzian and Kathy Jensen.

For the first time Luck has some cheerleaders for wrestling who are Sonie Petersen, Jenny Nyreen, and RoAnn Hedberg. The alternates are Ruth Pedersen and Tammy Joy.

minded boys in our school.

Joel didn't attend the contest at Platteville, but Lee and Rick can assure us that they really enjoyed themselves. They say the town was great.

They also wish to tell us that the physics class and department is something else, and no one should miss the chance to be in it or the bridge contest. (I get the feeling we underclassmen are being encouraged to take physics as an elective next year.) It was a very memorable experience.

Banquet

The athletic banquet was held on Monday night, May 6th at 7:30 p.m. in the High School gym. The featured speaker was Jim Dimmick - St. Olaf College's baseball coach. The program started with the delicious meal of roast beef, turkey, potatoes, buns, dressing, and ice cream.

After that Pastor Day from the West Denmark Church gave the invocation. The program then proceeded with the introduction of the coaches and their letter winners. Roger Steen for football and golf, Stan Miller for track and wrestling, Andy Dolny for basketball, and Miss Walsh for girls' athletics.

The highlight of the program finally came with Jim Dimmick talking on the subject of being dedicated, and having a lot of desire while you're competing in athletics in your high school days. He gave a very excellent talk which everyone enjoyed.

Girls Track

The girls' track team proves to be better than we thought. The first conference meet was with the Frederic girls. We won all the running events while they took first in the shot, discus, and high jump.

Our second conference meet was with Siren. We also won this meet taking first in all field events too. Next we met with the Webster girls and won. It seems that Lori Steen, our fastest sprinter, has helped our team out very much. Our 440-relay team which consists of Dawna Erickson, Emmy Steen, Laura Berg, and Lori Steen is our best prospect of getting far in the sectionals and regionals.

Summer Rec.

The summer recreation program will be under way soon. Children from the grade school and junior high students can come and participate in summer sports such as softball, tennis, basketball, etc.

Something new this year is that the gym will be open every day and Mr. Goulet invites any 7, 8, 9 or 10th graders to join a junior league. It should be a very exciting summer for all the kids, young and old.
