HOMECOMING 1974

King Randy (Bug) Larson.

Classes Choose Homecoming Attendants

Junior Attendant

Linda Hochstetler replied that she was very excited about Homecoming this year. She says it should be a lot of fun, and I'm sure we all hope she's right.

Linda has brown hair and brown eyes. She stands 5 feet 6 inches tall. Her hobbies include all sports, hiking and almost everything else!!!!

Sophomore Attendant

Golfing, playing tennis, and skiing are Darla Bille's hobbies.

Darla has blonde hair, blue eyes and stands 5 feet 3 inches tall.

She replies that she is very excited about Homecoming this year. The dance is Darla's favorite event of Homecoming and she has no changes she would like to see.

Freshman Attendant

This brown-haired and brown-eyed girl, who stands 5 feet 9 inches tall is Karen Chaffee. Karen enjoys golfing, skiing, and bicycling.

Queen Candidates Chosen

Dawna Erickson replied that she was very surprised when she was chosen a queen candidate.

Not attending classes on Homecoming Day is the one thing she would like to see changed concerning Homecoming. It seems the dance is Dawna's favorite event of Homecoming.

Blonde hair, blue eyes, and a height of 5 feet 4 inches tall are the distinctive features Dawna possesses. She enjoys bowling, fishing, and making 'hard' donuts! Dawna plans on furthering her education after graduation.

Joe Namath is her preference for the Homecoming King. Dawna feels her chance on being selected Homecoming Queen are a good one-third.

Dark brown hair, brown eyes and a height of 5 feet 4 inches tall are the traits of Jenny Nyreen. Her hobbies include horseback riding, sewing, and camping. Jenny is undecided about her future plans.

"Very Surprised," was Jenny's reply when asked how she felt when she was chosen a Queen Candidate.

The football game happens to be Jenny's favorite event of Homecoming. She would like to see less class time during the day of Homecoming.

Joe Namath is her choice for a Homecoming King, and Jenny feels she has one-third of a chance on becoming Homecoming Queen.

Attending Grand View Lutheran College next fall is what Sonja Petersen plans on doing after graduation.

Sonja enjoys reading, dancing, typing, and listening to John Denver. She has brown hair, blue

eyes, and stands 5 feet 9 inches tall.

The football game and the dance are Sonja's favorite events of Homecoming. She prefers Joe Namath as the Homecoming King and believes her chances on becoming Luck's Homecoming Queen are one-third.

When asked what she thought should be changed concerning Homecoming, she replied, "We shouldn't have to attend any classes if we don't want to, and we should be able to work on our floats during school time."

Queen Dawna Erickson

Pictured below: Karen Petersen, Jenny Nyreen, Chaffee, Darla Bille, Linda Hochstetler, Sonja Dawna Erickson.

Seniors Participate In Capstone

If you have ever been mystified by the disappearance of several seniors from the school each day, don't get the mistaken idea they are just skipping a couple of classes. For chances are, they are enrolled in one of the several capstone courses now being offered to seniors from our area. Capstone courses are courses designed to add a broader more practical knowledge to what students have already learned in more basic courses.

The courses offered are Power Mechanics II, health careers, electricity and appliance repair, and metal working. Power Mechanics II is offered at Frederic Mondays, Wednesdays, and Fridays from 8:30 - 10:10. Health Careers and electricity and appliance repair are offered at Grantsburg Tuesdays and Thursdays from 9:00-11:30. Metal working is also offered at Grantsburg, however, no one from Luck is enrolled in that course.

Power Mechanics II is designed to prepare a student to enter the auto

mechanics field after graduation. It will acquaint the student with proper use and care of the basic tools, instruments and machines. It will make the student aware of some of the economic aspects of the automotive and related industries.

The course in health careers provides an introduction to health care, basics of good health for self and community, and a concept of the student as a contributing member of society.

Electricity and appliance repair is for seniors who are interested in electrical occupations. Careers in electricity, commercial and residential, and industrial wiring are covered in this course.

Metal working allows the student to gain skills in the use and operations of machine and hand tools and to develop his awareness of opportunities in the machine crafts.

If you are not a senior and are planning to go into one of these fields, it would be wise for you to enroll in one of these courses.

Abortion Survey Results

A survey was recently taken throughout the 10-11-12 grades about abortion. It was taken by the contemporary problems class and here are the results.

67 percent would legalize abortion if the mother's health was in jeopardy.

52 percent would legalize abortion if the pregnancy was the result of rape.

46 percent would legalize abortion if the child was defective.

10 percent would legalize abortion if the mother was un-married and the woman didn't want adoption.

5 percent would legalize abortion if the woman had a low income and couldn't support a child.

4 percent would legalize abortion if the woman was married and wanted no children.

THE BEST SOME of us can expect on the day of judgement is a suspended sentence.

Guthrie Bound

On September 25, thirty very happy Luck students set out for Minneapolis, Minnesota. The trip down there was with few mishaps, and the bus driver soon found the Guthrie Theater. After stocking up on Munchies, to keep themselves occupied in case they didn't like the play, they found their seats and settled down.

The time and setting of the **Crucible** by Arthur Miller was the close of the 17th century, in the Puritan settlement of Salem, Mass. A few girls, tired of the rigid moral code they lived by, sought an outlet with secret dances at night in the woods. Discovered, they manage to elude punishment by declaring themselves victims of the devil and accusing several harmless women of witchcraft. The whole community is caught up in the plot, using witchcraft as a method of revenge. The devil's human assistants were blamed for everything from a woman's miscarriage to the death of a pig.

The trip home was pretty quiet, because they all were thinking about the play. Of course, time was allotted to stop at the nearby McDonalds and eat supper. We reached Luck around 7:00 after a BIG day!

JERRY DAVIDSAVOR

Jerry Davidsavor is a new sophomore at Luck this year. The school he went to before was Buffalo, Missouri. Jerry stands 5'8" and has brown eyes, black hair. His favorite teacher is Mr. Miller, and his favorite class is history. Jerry likes this school because of the football team. He isn't planning on going out for any sports this year but plans on going out for most of them next year.

KAREN HASWINKLE

That pretty redhead in school this year is brown-eyed Karen Haswinkle. Karen came from Unity and is a sophomore this year. Karen doesn't have any favorite teacher, but her favorite class is Algebra II. Karen is not planning on going out for any sports.

Clubhouse News

The Drama Club is going to be busy now getting ready for the school play in November. The name of the play is "Sixteen in August." Only those people in Drama Club are able to be on committees to help with the play. At the meeting people were chosen to be on the points committee and to serve as officers for the coming year. It was decided that members of the Drama Club will be putting on short plays at different times during the year.

The Pep Club met on September 10, 1974. The main topic of discussion was cheering at the games. It was suggested to have a points system for earning the jackets. Pep Club members are expected to attend all the games and wrestling matches, and if they do not adhere to this, they will be dismissed from the club. Pep Club initiation will be held October 18. A committee was set up to have a skit for the Homecoming Pepfest. During Homecoming week the girls are going to dress up. On Monday it will be dress up as little kids day, on Wednesday they will dress to look like the 1920's. On Homecoming they will dress up as Devils and Angels. We hope to have the Pep Club really serve its purpose this year!!!!

New Students Voice Opinions

DAVID NEWBY

That tall freshman with the glasses, that everyone's seen walking around school this year is David Newby. David is a former St. Croix student who likes this school better because of the principal. David's favorite teacher is Mr. Clifton, and his favorite class is math. David is going out for football but is not sure about any other sport.

RICHARD ALAN OLSEN

Alan's real name is Richard Alan Olsen, but he'd prefer it if his friends would call him Alan. Alan used to go to Stillwater Junior High. Alan should be great for this school because he likes everything about it. His favorite teacher is Mr. Clifton and his favorite class is science. Alan plans on going out for basketball.

B Squad Cheerleaders Are Chosen

The B-Squad cheerleading tryouts were held on September 15th. There were 13 girls trying out, and they were judged on coordination, poise, enthusiasm, straightness in arms and legs, appearance, and voice quality. They were judged in two of the varsity cheers -- "United We Stand" and "Get Set."

All the girls did a "super-great" job, but only five were picked. Our congratulations go to Loraine Rebrovich, Robin Kreutzian, Lori Steen, Linda Berg, and Linda Redman for being chosen our new B-squad Cheerleaders.

TOP TO BOTTOM: Robin K., Loraine R., Linda B., Linda R., and Lori S.

Teachers Aides At Work

Luck School has another year with students being teachers' aids. This is nothing new to Luck but this year the girls get credit for being teachers' aids.

These girls do jobs for the teacher, such as correcting and grading papers, putting up bulletin boards, helping the children read and write, and various other odd jobs around the classroom. There are also aids helping in the art and phy ed department.

After talking to a few aids, we found that it's a rewarding job and a great learning experience. We're sure the teachers appreciate the job you're doing!

This opportunity will go on the entire year. With our competent aids helping the youngsters, they should be regular Einsteins by the end of May.

Sept. & Oct. Birthdays

Seniors

Ray Joy, Sept. 7
Melady Erickson, Sept. 15
Terri Redman, Sept. 26
Laura Berg, Sept. 29

HAS ANYONE realized that we can reduce crime in the streets by widening the alleys?

New Kitchen Help

Guess what we have in the kitchen? We'll be seeing two brand new faces when we eat our lunches. The two pleasant, smily ladies are Gloria Fordyce and Nancy Berg.

When I asked the ladies why they came to work at the school's kitchen, Gloria laughed and said she didn't know. Then she caught herself and said it's because she loves kids. Nancy said it was fun and she enjoys seeing all us nice, little "kids." Both ladies mentioned how ideal the hours are and their children are in school anyway. After feeding all of

us, the cooks must find time to eat because it's only taken Gloria and Nancy this long to know what good food we have. They also mentioned liking the nice help. There I'm sure we all can agree.

I asked them what their job was. They explained how inter-related it all is and everybody helps everybody else. Just so all the dishes are washed, rinsed, and dried, there's silver out, the table's kept full, etc., etc. Last I asked if there was anything about their new jobs they didn't like. Gloria and Nancy said they can't say anything bad!

Freshman P.O.P.

What do you like most about high school?

Linda R. - A senior boy!
Danette M. - Marching in different towns, like Amery...

Linda B. - A senior boy!
Daryla B. - Football.

Brenda M. - A senior boy!

Randy H. - The fantastic freshman cheerleaders.

Rick H. - The senior girls?

Lee C. - The lunches...

Karen C. - Taller guys.
Alan G. - Double periods in Phy Ed.

Debbie M. - Games at A.H.S.

New Word

What is a "Zizz"?
Joel M. - A squeezed pimple.

Deb J. - zziz spelled backwards.

Jimmy M. - When you rip your pants.

Jodi C. - My sister.
Gwen B. - A short hand outline.

Renee J. - A wart on your big toe.

John J. - A zit's cousin.

Dave Rass - When you listen to bubbles in a root beer can.

What Do You Dislike About Homecoming?

Neil P. - The dancing...
David R. - The short parade!

Bruce P, M. - The Morning after!!

Sue D. - Not getting out of class to work on floats.

Marigen C. - Not winning 1st on the float!!

Dean L. - Picking between two guys for King?

Todd L. - Everyone getting all excited and give their all, but when it comes to cleaning up, no one will help.

Joel M. - No enough time to work on floats.

Jody J. - A zebra's disease.

Aaron L. - a zit's sister.

A "zizz" is a sound expressing the noise made by a body proceeding at a high speed.

EDUCATION IS...

-getting ready for school at the crack of dawn and remembering it's Saturday.

-studying the weather while waiting for the bus in the dead of winter.

Horoscopes

Libra - (Sept. 23-Oct. 22) This is your month. Watch for an Aries or Cancer who might be making your life important. Keep your thoughts open tonight.

Scorpio - (Oct. 23-Nov. 2) Look forward to school activities. Meeting different people may bring new relationships.

Sagittarius - (Nov. 22-Dec. 21) Don't face everything alone. There's always someone to help. A new love may be in sight.

Capricorn - (Dec. 22-Jan. 19) A change in social life may ease built-up pressures. Think positive.

Aquarius - (Jan. 20-Feb. 19) Today is the beginning of a fulfilling month. Do what you think is right.

Pisces - (Feb. 19-March 20) Look to the brighter side of school. There's always something going on.

Aries - (March 21-April 19) Get involved in today's activities for being a houseplant gets you nowhere.

Taurus - (April 20-May 20) Things may not always go the way you want. Consider the way others feel.

Gemini - (May 21-June 20) This is not your month. Don't let the opposite sex get you down. Stand on your own two feet.

Cancer - (June 21-July 22) A change in your attitude may change others outlook on you.

Leo - (July 23-Aug. 22) If time stands still, get out and wind the clocks of your social life.

Virgo - (Aug. 23-Sept. 22) Don't make important decisions unless you have thought for a day.

Of The Month

Couple: Robin K. & Ronny P.

Food: Carbo's & Cal's??

Event: Homecoming.

Class: Senior Phy Ed.

Clothing: Levi Jeans.

Vehicle: Bicycle's.

Girls Gymnastics

Club Formed

Many girls from Luck are becoming interested in gymnastics this year. So a gymnastics club is being formed. They get together on Monday nights and Thursday mornings, do old tricks, and learn new ones on the floor, the horse, the uneven parallel bars, the

Lakers Swamped In Season Open

The Luck Cardinals opened the 1974 football season with a non-conference victory over the Turtle Lake "Lakers" by the score of 14-0.

Luck got on the scoreboard late in the 1st quarter, by a 3 yard pass from Joel Morgan to Brad Asper. That touchdown drive was climaxed by a 54 yard pass play that went into the end zone, and Dean Larson kicked the conversion making the score 7-0. That's how the score stood when the 1st half ended.

Luck scored again in the 3rd quarter on a 3 yard run by John Stenberg. Dean Larson again booted the extra point to make the final score 14-0.

Luck looked very good for the first game of the season. Bevin Sandstrom was the leading rusher with 74 yards. Joel Morgan completed five out of seven passes, good for 100 yards. The defense did a very fine job, holding Turtle Lake scoreless. I think that Luck will do very well this season if they keep on playing the way they did against Turtle Lake.

Locker Room Chatter

"Hey, why are your ankles all swollen?" - "We're playing soccer in Phy. Ed."

"How did you get that lump on the side of your head?" - "At volleyball practice I turned my head for a minute when I shouldn't have."

"Someone stole my tennis shoes, they're not in my basket." - "They're on your feet."

"Why are you limping so?" - "We had to run around the football field." "Wow! That's a mean slash in your leg." - "I know, sometimes we get reckless when we play field hockey."

"Who's eating peaches?" - "That's my new Pond's Peach Powder."

"Did you get that bruise on your leg playing

beam, and the trampoline.

If anyone is interested in joining talk to Miss Walsh.

Girls Volleyball

Luck Takes On Webster

On Tuesday, September 17, the Luck's girls' volleyball team had their first game. The varsity game was with Webster, on Luck's court. The overall winner is the winner of three out of five games. Starters for the first game were Cheryl Dau, Janet Sorenson, Peggy Schilling, Emmy Steen, Carol Nygren, and Dorothy Sundquist. Substitutes were Sherri Kreutzian, Barbara Konopacki, Jeanne Lake, and Debby Randall. The score from the first game was 15-11, Webster's favor. The second game was 15-10, Webster's favor, and the final game was 15-7, also Webster's favor. Webster won the overall game, but Luck put up a fine show. They're sure to do better at the next game.

soccer?" Well, then, how about the one on your neck?!"

"Hey, we're missing someone!" - "Sshh! She's in the bathroom finishing her English."

"Ouch! All right, who dropped their earring on the floor?"

"You mean your gym suit has been here since last year?"

"It's hard to believe my socks started out as white!"

"Okay you guys, give back my clothes!"

"All right girls, on the count of three we all run in the boy's locker room!"

Volleyball Gains Popularity

Volleyball is becoming more and more popular around this area, and now Luck has a girls' team consisting of about twenty girls. We have been practicing since about August 26, getting ready for the first contest with Webster on Sept. 17. It was a home game and the victorious Junior Varsity played first. You must win two out of three games in Junior Varsity which they did.

The games are played up to fifteen points and you must win by two points. Six players are used during the game and the starters on the Varsity team were: Janet Sorenson, Emily Steen, Carol Nygren, Dorothy Sundquist, Peggy Schilling, and Cheryl Dau. Some substitutions were made during the game. The Varsity lost.

Starting for Junior Varsity were Linda Redman, Loraine Rebrovich, Danette Morton, Karen Chaffee, Debbie Melin, and Brenda Kunze. We hope the school will support the girls in all coming games.

HOME COMING IS...

-finding that you lost your new coat and it was last seen on top of the bonfire.

The important thing to remember about the future is that it arrives one day at a time.
